**TO WHOM IT MAY CONCERN**

**RECOMMENDATION FOR ATTACHMENT: WAWERU DAN MWANGI - B141/24809/2022**

The above named student is a third year undertaking a BSc in Information Technology. As part of the curriculum, the student is expected to undertake Industrial Attachment for a minimum period of 8 weeks.

The industrial attachment is vital in enabling the student gain practical skills in computing fields such as systems administration, ICT User support, computer networking & administration, software development, database design & administration, ICT project management among other areas. The attachment is also expected to provide the student with exposure to corporate issues such as dealing with customers, conflict management, business communication and management of projects among other issues.

The student has been adequately trained and prepared in diverse fields of computing to cope with current and emerging issues in the field. Any assistance accorded to will be highly appreciated.

In case of any inquiry, do not hesitate to conta

Thank you.
